

MUD6SPBT

Universal 6 Speakers 12V Bluetooth All Weather Sound Bar

Easy, versatile and rugged...

The MTX MUD6SPBT is a 12V Bluetooth universal sound bar solution that is designed to deliver exceptional audio quality to any vehicle. This all-in-one unit includes six speakers, four 3" full range drivers and two 1" high frequency tweeters. All speakers are connected to an internal power amplifier that delivers all of the power you need to hear your music whether you are on land or water.

The integrated Bluetooth receiver allows you to stream music directly from your smartphone or tablet or you can direct connect your device via an external 3.5mm input. Additionally, the unit includes a 3,5mm auxiliary output allowing you to integrate an other MUD6SPBT for even greater sound coverage.
