

RTP12

Vented powered enclosure with 12" (30cm) subwoofer and 220W RMS CEA class-D amp

The best and most simple solution to add bass in your car

12" subwoofer for low bass

Strong 15mm MDF construction

Injected brushed electroplated cone

Amp integrated on the side for a better thermal dissipation and an easier cables installation

Class-D amp for more power with less current (Less heat also...)
