

MTX[®] AUDIO

iX3 High definition lightweight over-ear headhone

Multiple iX3 units can share an audio source using 3.5mm Input/Output.

Universal lightweight mic+remote control, compatible with Apple® and Android® OS. Integrated remote allows user to play/pause and track forward/backward music as well as answer/terminate phone calls.

Both the left and right 3.5mm inputs function the same way. You can choose your preferred side.

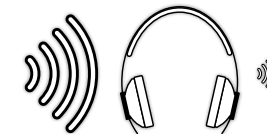

Flat tangle free cable

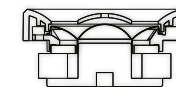

90° angled aluminum jack plug

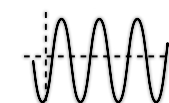

Durable high quality protective carrying bag included.

Exceptional sound isolation thanks to large, super sealed and comfortable foam earcups.

To make the iX3 sound quality exceptional, we used a high quality Ø40mm wide range speaker. Sound quality is just amazing.

Sensitivity : 113dB (1mW)
Impedance : 32Ω
Frequency response : 10Hz-25000Hz

Super Flexible Unbreakable stainless steel headband... You can twist it as much as you want... You can adjust the pressure as many times as you want...
